

Meeting Notes – January 23, 2019

Vacation Rental Advisory Committee

Present: Meyer, Eck, Ptach, Hartley, Spiro, Craigen, Katzman, Rusher, Jones, Sloop, Trosch-Most, Bessey

Brief review of January 16 meeting notes. No revisions requested.

Draft suggestions/recommendations to address enforcement concerns/objectives:

- The method for the public to report a problem or concern need to be easier to find.
- Develop a system to cross reference calls received and citations issued by the Police Department related to vacation rentals.
- Establish clear policy on what constitutes a “strike.”
- One time complaints, such as noise, doesn’t need to be a “strike” every time. Property managers/owners should be given opportunity to address the complaint.
- Require a local contact information for each vacation rental.
- Explore options to tie violations/citations to the owner/operator. For example, Police may issue a citation for noise violations to the guests. Can this be tracked or tied to the vacation rental owner/operator?
