MEDIA RELEASE

Release date: May 21, 2009

Contact: Craig Robinson 879-4300

Who: City of Steamboat Springs Parks, Open Space and Recreational Services

What: Trail Closures

When: Ongoing during high water

Where: Yampa River Core Trail and Walton Creek Trail

Description: Each spring, as snow melts and the rivers run higher, various sections of the trail are closed as water exceeds the river banks. As the flows increase and decrease there will be several closures and re routes on the trail system. To date, the following sections of trail are closed:

- 13th Street Underpass
- Rail Road Underpass upstream of Fetcher Pond
- Highway 40 Underpass at Walton Creek
- Trafalgar Drive to Fetcher Pond due to high water near the Botanic Park
- Chinook Drive to Highway 40 Underpass

These sections and others may open/close as we near peak flows.

Please obey all closures and do not try to cross trails with water on them.
