**IMPORTANT PUBLIC SERVICE ANNOUNCEMENT**

While attempting to land at the Steamboat Springs Airport, a small private plane went off the end of the runway. There were three passengers with no apparent injuries. It appears the plane is based out of Steamboat Springs.

City of Steamboat Springs Police, Fire and EMS are on the site. The airport is currently closed and the Federal Aviation Administration (FAA) and the National Transportation Safety Board (NTSB) have been notified.

Additional information will be issued as available.
