*Meet with Steamboat Springs Planners & the Project Consultants:
Wenk Associates & Kracum Resources*

The Open House will display the Design Development of the Promenade and Daylighting of Burgess Creek in the Base Area. In July, the SSRA approved continued design; the Open House will display the current design refinements from the earlier Schematic Design.

Presentations will be made to the SSRA Commissioners during their regular meeting beginning at 5:00 pm. A briefing will be made on the current construction and the progress on the Design Development Phase of the Promenade and Daylighting of Burgess Creek.
