## 2680 Lake Road

### I. STAFF ANALYSIS SUMMARY

The referred Building Permit is for the property located at 2680 Lake Road in the Resort Residential One (RR-1) Zone District. The building is situated on the east side of Lake Road, east of Casey's Pond. The Building Permit was submitted for the demolition of a 1928 residence eligible to the Steamboat Springs Register of Historic Places. The resource is significant for its association with the theme of residential growth and as a collective group representative of vernacular architecture. The loss of this significant local resource would be detrimental to the community and therefore staff recommends a 30 day delay prior to the issuance of the Certificate of Approval.

### II. BACKGROUND

According to the Historic Preservation Ordinance Sec. **26-84 (n) 1**, HPC shall advise the owner of the building, structure, site or object about the benefits of listing such building, structure, site or object on the local Register and shall discuss alternatives to the proposed Demolition.

Provided proof by the owner that the building, structure, site or object is a Dangerous Building or that deferring Demolition would cause a Hardship, as defined in this ordinance, the HPC shall immediately issue a Certificate of Approval to allow the Demolition. A permit for the Demolition of an Eligible Resource shall only be issued after issuance of a Certificate of Approval.
