KEEP ADDRESS SIGNS/NUMBERS VISIBLE

Steamboat Springs Fire Rescue encourages citizens to make sure that their residence and/or business has properly displayed address signs. In the event of an emergency it is important that your address is visible to those responding to help you.

ATTENTION ALL CONTRACTORS AND HOMEBUILDERS: SCHEDULE YOUR INSPECTIONS NOW!

If you are anticipating needing permanent power, certificate of occupancy (CO) or water and/or sewer service during the winter months, schedule your project so that your grading/drainage improvements and utility installations are complete and inspected before November 1. Don't get caught by the snow – its coming!

•To schedule a Right-of-Way Inspection call 871-8210. Please leave your name, site address and building permit number. We will also need to know where the approved building permit plans are kept on-site. Inspections are not conducted between November 1 and April 1 due to snow restricting visibility of site conditions.

•To schedule a Water and/or Sewer Inspection call 871-8207. No water and/or sewer work can be performed from November 1 – May 1.

•To apply for an Excavation Permit call 879-1807. In order to protect the City's infrastructure from damage over the winter months, excavation in the public right-of-way is prohibited from November 1 – May 1. You will need a variance approved by the Public Works Director if you need to excavate during snow season.

•Also don't forget that all construction dumpsters, port-o-lets, material piles, etc. must be out of the ROW prior to November 1!

The City welcomes your comments, requests and suggestions.
