City 101 Leadership Program Application Deadline Looms
Candidates Must Submit Application By Monday, November 12

STEAMBOAT SPRINGS, COLORADO-November 9, 2018-The November 12 deadline for applications for the City 101 program is fast approaching so don't miss your opportunity to be a part of this unique municipal leadership program.

"City 101 has firmly established itself as a vital community resource for understanding city government and its programs and services," said Assistant to the City Manager and City 101 Program Director Winnie DelliQuadri. "Through this program, you'll find that your city government is staffed by citizens like yourself, who take great pride in their community and providing superior services to their fellow residents and neighbors."

Bringing together city employees and community members, the City 101 leadership program delivers in-depth insights into city operations, straight from the individuals responsible for them, day-in and day-out.

In addition, participants have the opportunity to meet and network with like-minded individuals, gain valuable knowledge about how our community functions, and learn more about how you can make a difference where you live.

One City 101 alumni wrote, "*Thank you for orchestrating a superlative Civics 101 course, it was the perfect antidote to the trend toward citizen apathy and disengagement as well as distrust of government. I fell in love with my local government and the people who staff it.*"

A mix of city staff along with community members will be selected to learn more about the city and its operations through field trips, forums, interactive activities and live demonstrations. Sessions take place on select Wednesdays between December and May, typically from 8:30am to 3:30pm with lunch provided.

Applications are **due November 12, 2018** and can be found at steamboatsprings.net/city101.
