

Council Lunch & Listen Session Menu Set *New Monthly Winter Lunch Series Kicks Off Friday, January 17*

STEAMBOAT SPRINGS, COLORADO-January 7, 2020-Across the ranching community, meal time provided the chance for everyone to come together and take a break from their work and catch up on the latest news and happenings while sharing their thoughts. That same spirit is the inspiration behind Council's Lunch & Listen Series, which debuts on Friday, January 17.

Individual City Councilors host this monthly opportunity to gather over lunch and listen to the community. During this brown bag series, bite into fun discussion about topics coming before council in the work session for the following month.

Trade points of perspective and maybe even that coveted lunch item with others around the table. The goal is to provide a chance for community members to meet with council members in a relaxed atmosphere and digest various topics of interest across the valley.

Sessions are currently scheduled as follows with discussion topics outlined below:

January 17 – Councilor Sonja Macys

- Fire Station Site Feasibility
- Water/Wastewater Infrastructure Master Plan
- Airport Master Plan
- Community Housing Fund
- Bears/Trash

March 20

- Water Conversation Plan
- Sign Code
- E-Bike Policy
- Sustainable Funding: Chamber
- Fire Station Site Selection

May 15

- Howelsen Hill Operating Season Review and Future Planning
- Sustainable Funding: Fire Station
- Sustainable Funding: Chamber

Lunch & Listen is held from noon to 1pm on the third Friday of the month during winter from October to May in the Crawford Room of Centennial Hall (124 10th Street). Lunch & Listen goes on hiatus during summer (June – September) when councilors are available every Saturday at the City Council Booth during the Farmer's Market. No RSVP is necessary, just bring your lunch and get ready to chew on some community conversation.
