

Tips & Advice For A Safe Fourth of July

STEAMBOAT SPRINGS, COLORADO-June 30, 2021-As the community readies to enjoy the Fourth of July across the Yampa Valley, the City of Steamboat Springs offers some tips and advice to help celebrate the holiday safely.

“Steamboat’s celebration brings people from near and far especially with the community’s incredible parade and holiday weekend special events,” said Chuck Cerasoli, Steamboat Springs Fire Rescue (SSFR) Chief.

“However, it can also bring severe consequences if people are not careful.”

The community’s fire rating is currently HIGH and Stage 2 Fire Restrictions are in effect. That means, **NO FIREWORKS!** In addition, all open fires and campfires, open charcoal grills, private fire pits, explosive use, as well as welding and cutting torch devices are prohibited. Smoking is only allowed in a vehicle or indoors. With the recent rain, the Yampa River is running at 162 cfs and looks to remain above 100 cfs into the holiday weekend. Please be vigilant around the river’s edge and other waterways.

BE VISIBLE

When it gets dark, motorists have a harder time seeing you. Whether you’re traveling by car, bike or on foot, follow the rules of the road so that everyone makes it home safely. In general, bring a flash light or headlamp, wear reflective gear and avoid dark clothing, use caution in crosswalks and do not dart across streets/alleys, eliminate distractions such as earbuds, texting and cellphones while leaving the venue, and assume you can’t be seen by others.

In addition, bikers should use front and back lights, don reflective gear and always wear a helmet. If traveling the Core Trail, ride with caution and anticipate heavy use.

PETS

With large gatherings over the holiday, the shelter receives several stray animals. To help your pet get through the festivities or to quickly be reunited, the Routt County Humane Society suggests the following:

- Take your pet for long walk. It helps them get exercise, tires them out and they take care of business. Then, most of the day, they can remain indoors where it’s cool, calm and quite.
- It’s best to leave you pet at home, especially during loud, crowded events like the parade.
- DO NOT leave pets in vehicles or unattended including tied up in town.
- Never use fireworks around your pets
- Ensure your pet is wearing an identification collar with current contact details. Many pets also get a microchip as an added step.
- Report Animal Issues
 - An **animal complaint or animal emergency**, contact Steamboat Springs Animal Control at 970.879.1144.
 - For a **lost or missing animal**, call the Routt County Humane Society Animal Shelter at 970.879.7247 with a description of your pet, their name and your contact information.

YAMPA RIVER

Rafters, kayakers and SUPers, should always wear a Personal Flotation Device (PFD) and practice river safety. Recreational tubing is open, and visitors are encouraged to go with a pro (one of Steamboat Springs commercial operators). If enjoying the Yampa River over the holiday is in your plans, please follow these quick guidelines:

- Never Boat/Kayak/Raft/SUP/Tube/Swim Alone
- Wear A Personal Flotation Device (PFD)
- Be Prepared For Extremes In Weather
- Never Mix Alcohol and River Use
- No Disposable Containers on the river
- Watch Out For Your Dog & Use Caution along River Edge
- Carry A First Aid Kit And Know How To Use It.

GRILLING

According to the Hearth, Patio & Barbecue Association, 73 percent of consumers grill on the Fourth of July. In addition, National Fire Protection Association (NFPA) statistics shows July is the peak month for grilling fires. Roughly 9,600 home grill fires were reported per year and all types of grills pose a risk for fires and burn injuries.

- Propane grills should only be used outdoors under Stage 2 Fire Restrictions.
- Position away from siding, deck railing, and out from under eaves and overhanging branches.
- Keep children and pets away from the grill area and never leave your grill unattended.
- Keep clean by removing grease or fat buildup from the grills and in trays below the grill.
- If you smell gas while cooking, immediately get away from the grill and call the fire department. Do not attempt to move the grill.

WILDLIFE

It's common to see moose, bear, deer, elk, fox, raptors and other wildlife while around town. Colorado Parks & Wildlife indicated that the most dangerous and potentially harmful encounters occur because people fail to leave the animals alone. Keep your distance and do not approach animals – help keep wildlife wild!

In addition, bears have opened vehicle doors to access food, even the smallest amounts, and can do considerable damage if trapped inside. A good practice is to lock all doors and ensure no food is left in the vehicle.

BE ALERT

While Steamboat enjoys a small town vibe, please be alert at all times, use common sense and if you see something that's not quite right, say something.

The City of Steamboat Springs would like to thank residents and guests for their cooperation and wishes everyone a safe and wonderful Fourth of July celebration. All events associated with the July 4th in Steamboat Springs can be found at www.steamboatcchamber.com.
