

Open House Planned for New Public Ski Time Sq Turnaround

Project Part of Complete Streets Enhancements

STEAMBOAT SPRINGS, COLORADO-June 21, 2022-The Steamboat Springs Redevelopment Authority (SSRA) is working to improve Ski Time Square Drive with a new public turnaround and complete streets enhancements and the project team will host a public open house on June 30.

The project team is holding a public open house on Thursday, June 30 from 4-6 PM in Torian Plum's Creekside Meeting Room to gather input on the project.

What: Ski Time Square Drive Improvements Project Open House
When: Thursday, June 30th from 4:00-6:00 PM
Where: Torian Plum Creekside Meeting Room, 1855 Ski Time Square Drive
Who: Members of the project and design teams will be on hand to provide an overview of the project and discuss questions.

The project will formalize Ski Time Square Drive from the existing traffic circle near the Torian Plum to the easterly terminus near the T-Bar and seeks to improve traffic flow and pedestrian safety as well as beautify the streetscape.

A main feature will be a new public turnaround at the eastern end of Ski Time Square Drive to give drivers a safe and easy way to turn around and to improve fire access for the surrounding properties.

If individuals cannot attend the open house but still desire to provide feedback, a comment sheet is available. Visit www.engagesteamboat.net/skitime to access the comment sheet and see the full set of project plans and other project information.

Project design is currently underway with the schematic design phase and will continue through the end of 2022, with construction tentatively scheduled to begin Spring 2023. This project is funded by the Steamboat Springs Redevelopment Authority (SSRA) and has long been a high priority for the SSRA and its advisory committee, the Urban Redevelopment Authority Advisory Committee (URAAC)
