

## Vehicle Identification Number Checks Conducted Weekly

*VIN Check Through SSPD Available from 10am to 2pm on Thursday*

**STEAMBOAT SPRINGS, COLORADO-October 19, 2022**-The Steamboat Springs Police Department (SSPD) will be shifting Vehicle Identification Number (VIN) Checks from twice a week to once a week, now on Thursday between 10am to 2pm.

“Like other businesses, we’re experiencing shortages especially with our Community Service Officers, who typically conduct these checks,” said Sergeant Evan Noble. “As a way to be the most efficient and continue to serve our community, we’ve made modifications to the procedures for the time being.”

A VIN inspection conducted by SSPD requires your vehicle be taken to the Combined Law Enforcement Facility at 2027 Shield Drive. The fee for a standard VIN Check through the SSPD is \$30 payable to Records. The new policy takes effect immediately.

The Colorado State Patrol and Routt County Sheriff’s Office can also conduct VIN checks.

A VIN verification is a physical inspection of the car, truck, camper, or motorcycle’s unique identification number, typically for titling, registration, or sale. The four most common locations on a vehicle to find the VIN is under the hood, driver’s side dash, front end of frame and driver’s side door.

If you would like to assist the SSPD and apply to serve the city as a Community Service Officer (CSO), see the online posting [here](#) for position responsibilities, salary levels, benefits and employment application.
